

Maple School Music March 2015

Dear parent and/or guardian,

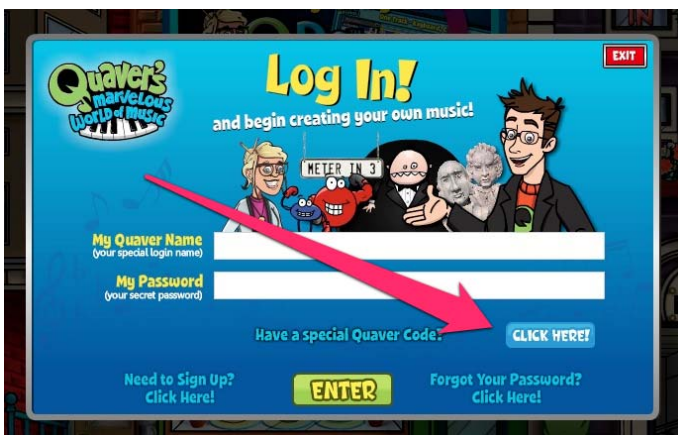

We have some exciting news to share! This year the Maple 1st and 2nd grade students and I have been working with an online music curriculum called Quaver. Because it is a web-based curriculum, we're now able to offer the students an opportunity to continue their learning even when they are away from the classroom. If you don't have internet available in your home, perhaps your student can visit the site while at the library or while visiting somewhere that provides free internet, like a friend's house or relative's home. Below are the instructions for logging into Quaver:

1) Go to: www.quavermusic.com

You will see the following screen. ←

2) Take your cursor to the upper right corner and click on the Log in window.

Then another screen will open that looks like this. ↓

- 3) Enter the student's Quaver Name.
- 4) Enter the student's Quaver Password.
- 5) Click on the ENTER button.

Please do not try to enter the Quaver Code. I have already signed your student up and entered the proper Quaver Code to place them in their Maple School class.

Here is your student's login information for the Quaver site:

My Quaver Name: _____

My Password: _____

If you have the opportunity, I hope you'll encourage your student to visit the Quaver site often. Please don't hesitate to contact me if you have questions.

Sincerely,

Paige Stephens
