

1st Grade Accelerated Reader Program

*Every quarter, each student will be given an individualized goal for the number of AR points they should receive. As students work toward earning that goal a flower slowly fills up within the AR website for each point earned. Once they have reached their goal and filled their flower they get to color a flower and post it on their locker. They also get to join in the AR party at the end of the quarter. For Quarter 1 they will receive donuts and juice!

* ALSO: As students earn 10, 20, 30 points they get to have a "sock day" and get to spend the day at school in their socks! 1st graders LOVE sock days!

*We are VERY excited about AR this year! The students love watching their flower fill in with more color each and every day!
